DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: The amended claims teach around the Co reference in that Co fails to teach circuitry operative in two modes. More specifically, Co does teach a phase frequency detector feeding a signal output into a charge pump but fails to also teach a phase detector, which receives as input a clock data recovery(CDR) signal, that also outputs a signal output into the charge pump. After further search and lack of other prior art to read on amended claims, Examiner has determined that the amended claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Brown whose telephone number is (571)272-5932. The examiner can normally be reached on Monday-Thursday from 7:00am to 5:30pm(EST).
